

Here is the work of some children from another class.

Unfortunately they are not as clever as you lot 😞

Can you spot and explain their mistakes?

14 - Forty-one

21 - Twelve

302 - Three hundred and twenty

Sixty-two - 602

Eight hundred and six - 86

Five thousand - 500

Nine thousand and one - 91

Two thousand and thirty - 2,03
