

Adding and subtracting multiples of 10, 100 or 1,000

When we add or subtract multiples of 10 we change the tens

$50 + 10 =$

$21 + 40 =$

$80 - 30 =$

$79 - 60 =$

When we add or subtract multiples of 100 we change the hundreds

$460 + 500 =$

$218 + 300 =$

$630 - 400 =$

$976 - 600 =$

When we add or subtract multiples of 10 we change the tens

$310 + 40 =$

$821 + 50 =$

$550 - 50 =$

$762 - 30 =$

When we add or subtract multiples of 1,000 we change the thousands

$5,800 + 1,000 =$

$8,642 - 4,000 =$

Adding and subtracting tenths, hundredths and thousandths

When we add or subtract tenths we need to change the tenths

$0.6 + 0.1 =$

$7.9 + 0.2 =$

$0.9 - 0.5 =$

$1.9 - 0.7 =$

When we add or subtract hundredths we need to change the hundredths

$8.16 + 0.03 =$

$2.91 + 0.06 =$

$4.83 - 0.03 =$

$9.59 - 0.05 =$

When we add or subtract thousandths we change the thousandths

$8.763 + 0.003 =$

$7.184 + 0.002 =$

$3.257 - 0.006 =$

$5.916 - 0.006 =$
