

Name: _____

Date: _____

u-e words 1

The long (u) sound is usually represented by the u-e pattern when it comes in the middle of words, like in the words below.

Remember: Say the word aloud, then say each letter aloud **as you write it** e.g. 'fuse, f ... u ... s ... e'

A **fuse** keeps a plug safe.

A **cube** is a 3D shape with square faces.

A **tube** is a round container.

Huge means very big.

A **mule** is a type of donkey.

A **fume** is a gas.

A sand **dune** is a hill of sand.

A kitten is **cute**.

If you put the TV on **mute** you turn the sound off.

If you **confuse (con/fuse)** someone, you mix them up.

Now test yourself without looking at the words and **check for yourself** if you got them all right. Practice writing any words that you made mistakes on again.

Name: _____

Date: _____

u-e words 1

The long (u) sound is usually represented by the u-e pattern when it comes in the middle of words, like in the words below.

Remember: Say the word aloud, then say each letter aloud **as you write it** e.g. 'fuse, f ... u ... s ... e'

Try to spell each word without looking at it.
